Board of Works and Public Safety

Greenfield, IN 46140

Re: Encumbrance Request

I request to encumber \$60,000 from our Other Plant line item to pay for a Hydro-Stop valve and materials needed to isolate our 20" water main from the North Plant to ensure the continued operation of the plant during the sanitary project that is ongoing. This work is urgent, and we are planning for this work to occur on the week of 08 January 2026.

I have attached the quote from the one company that can meet our needs in the timeframe in which we need it to occur. The valve installation is much of the cost of this encumbrance (\$51,621.00), but I want to allow some room in case we need additional restraints, shoring, or other supplies that may be needed to complete this work.

At this time, I am requesting the Board approve this request to encumber \$60,000 from line item 6101100450 of this budget year 2025 to 6101100450 of budget year 2026 for this critical work to be accomplished.

I welcome any questions that the Board may have regarding this request.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Charles Gill".
