Re: Out of State Travel

Honorable Mayor Titus and Board Members,

I am requesting that Nick Chappell be approved to attend the TVPPA Line Design and Staking – Level 1 class held in Chattanooga, TN on March 2nd through March 5th. The total cost including registration and accommodations will be \$2,755.00.

Class description:

Students will learn basic engineering of overhead services typically expected of beginning line design personnel. They learn conductor sizing, how to calculate accurate guy leads for both angle and dead-end situations, calculate voltage drop on residential transformers and services, and will be able to navigate through the National Electric Safety Code (NESC) in order to locate important rules and tables necessary for safe design.

Sincerely,

Scott Yost
Electric Utility Manager

cc

Line Design and Staking – Level 1

Attending: Nick Chappell (Line Supervisor)

When: March 2nd – 6th, 2026

Where: Chattanooga, TN
