Rob Souchon
IT Director
City of Greenfield

Rob,

Please accept this letter as my notification of retirement from my position in the City of Greenfield IT Department.

I have worked for the City, and with you, for over 15 years under four Mayors and countless Board and Council members. Working for the City of Greenfield has been a worthwhile endeavor and the opportunities and challenges I have experienced have made my time here most memorable. It has been a job that I have enjoyed a great deal, and I will miss it in many ways.

My last day will be April 13th, 2026.
