RE: Request for Qualifications – Solid Waste Removal and Recycling

Mayor and Board Members:

I am requesting the Board's approval to initiate a call for qualifications (RFQ) for a community-wide residential trash removal and recycling contract.

The RFQ is an important first step in identifying qualified service providers with the experience, capacity, and operational standards necessary to deliver reliable waste management services for our community. In addition to promoting more consistent and efficient service delivery, it is expected to result in significant cost savings for current residents.

Seeking Board approval to move forward with the RFQ process does not commit the City to a final contract at this stage. Rather, it allows our committee to formally solicit and review qualifications and rates from interested providers so that informed recommendations can be brought back to the Board for future consideration.

Thank you for your consideration.

Respectfully submitted,

*Jane Webb*
